## SUMMARY

Detailed-oriented **Frontend Developer** with professional experience delivering **22+ production-ready tasks** across **8+ client projects**. Experienced in building high-performance applications using **React.js**, **Next.js**, and **Vue.js**, with a focus on translating high-fidelity **Figma** designs into **scalable, modular code**. Proven ability to collaborate in **Agile** environments to deliver clean, sustainable, and user-centric web solutions.

## SKILLS

- **Frontend:** React.js, Next.js, Vue.js
- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Styling:** Tailwind CSS, CSS3, SASS
- **Dev Tools:** Git (GitHub/GitLab)
- **Tools:** Visual Studio Code, Figma

## WORK EXPERIENCE

**KOVATEKNO** | Kediri

May 2025 – Dec 2025

**Frontend Developer (Project-Based)**

- Implemented **desktop-focused POS UI pages** using **Laravel Blade and SCSS** (cashier flow, product CRUD, transactions).

**ORDOAPPS** | Surabaya

Jul 2024 – Nov 2024

**Frontend Developer Intern**

- **UI Implementation from Design to Production:** Translated Figma designs into **production-ready Laravel Blade** templates for 8+ client brands, completing 22+ frontend development tasks including UI components, layout adjustments, and bug fixes.
- **Cross-Team Collaboration & Debugging:** Partnered with **senior frontend developers** to identify and resolve UI issues, refine components, and support **on-time project delivery**.
- **Quality-Driven UI Improvements:** Conducted frontend debugging and implemented **iterative UI enhancements** based on **QA results and user feedback** to improve usability and visual consistency.

## PERSONAL PROJECTS

**ZOTURAL** - Business Management Dashboard

Built a **role-based admin panel** using **React.js**, **Vite**, and **Tailwind CSS**.

**MOVIESSIS** - Movie Discovery App

Developed a **movie discovery app** with **Next.js** and **TypeScript**, integrating the **TMDB API**.

**AI INNOVATION** - Landing Page

Created a **performance-optimized landing page** using **Vue 3**, **TypeScript**, and **UnoCSS**.

## EDUCATION

**SMK Negeri 1 Kediri** - Computer and Network Engineering

May 2025
